

CABRILLO HIGH SCHOOL POOL

The Cabrillo High School Pool Project consists of a 40 meter x 25 yard swimming pool facility that includes a 6,000 sq. ft. physical education support building that includes boys and girls restrooms, lockers, team rooms, showers and coaches offices. A separate 500 sf building houses ticketing, custodial, storage and concessions spaces and third 2,000 sf building houses the pool mechanical equipment. The facility features a 16,000 sq. ft. pool deck, covered on-deck storage, permanent concrete tier bleachers with shade cover and state of the art sound, lighting and timing / display systems.
